

Activation instruction

Tools4Revit

Activation instruction

Request for Activation Code

1. Right-click on the Revit icon and select "Run as administrator".
2. Open „**Register and Activate**“ from the „**Add-Ins**“ menu in Revit. (eg: Click **Add-Ins** -> **Register and Activate**).
3. Enter your tools4revit serial number in a „Serial Number“ text field. Trial serial number is: 000-00000000
4. Select tools4revit products to register.
5. Click the „**Generate request code**“ button.
6. In the „Request code“ field you will see a code. Copy this code to the clipboard (ctrl+c).
7. Via e-mail you should send to us:
 1. Contact information: contact person full name; job title, company name, full address, e-mail.
 2. Product information: 1 - tools4revit serial number and 2 - Request Code. Paste it from the clipboard (ctrl+v)
 3. Send this mail to register@tools4revit.com.

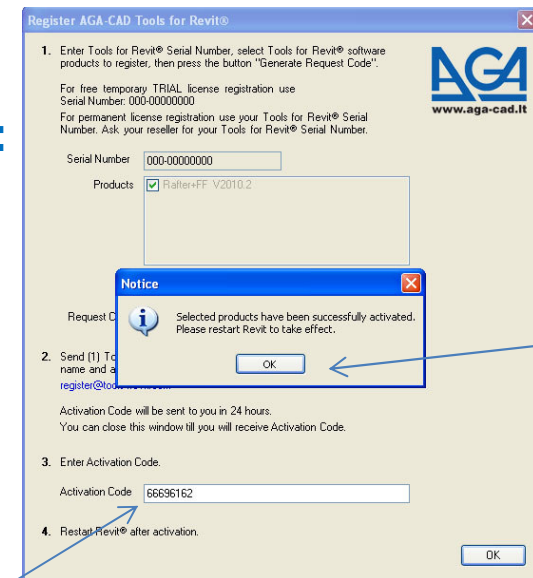

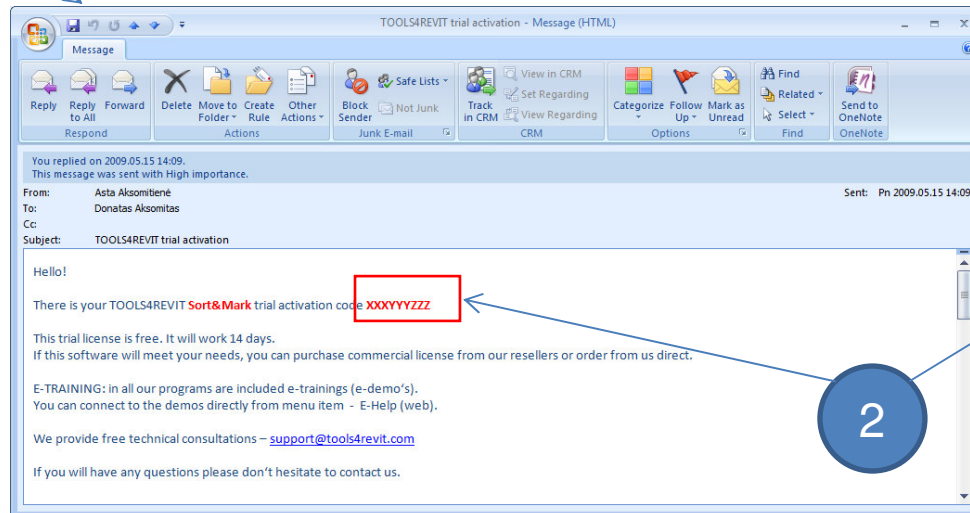

Activation instruction

Enter generated Activation Code

1. In 24 hours via e-mail we will send you the Activation Code.
2. Enter (or copy) this code in the „Activation Code“ field on the „Register and Activate“ (see page above) form.
3. Click the button „OK“.
4. You will get a message about successful activation of your tools. Click *OK* and restart your Autodesk Revit software.

Good Luck!
